*Bringing You the Latest News, Winners & FUN!*

## Letter from the Founders

*Andy & Judy Amada*

Are we feeling Jolly?!? It's that time again. Lots of family, lots of parties, lots of food and lots of jackpot \$\$'s to go around! How about going out with a BANG with a jackpot winner to end 2021? Are you with us? We sure hope so. That's the goal and we are FOCUSED!! So whether you're staying home playing hostess or playing traveler, we hope you will play with us! We have welcomed many new members in 2021 and we are ready for more. More players mean more tickets and more winners! We want to be the gluttons of winning!

As you probably know by now, Powerball added a Monday night drawing in August. A number of you have added this Monday night draw to your monthly or daily selections. If you have not done so and are interested, just give us a call and we will be glad to calculate the cost for you. If you have a one month play now, you will only be adding an additional 4 nights of powerball numbers at a very minimal cost. Remember that you're sharing the cost with others in your pool, as you already do, so the extra cost is pretty low. A number of our members have chosen to add this option and we just want to remind you that you can do this at any time. We are happy to speak to you about this option, so give us a call (602-995-9200 or 800-274-7529). You also may email us, if you like, [azplayers@powerpick.com](mailto:azplayers@powerpick.com).

We've seen some pretty high jackpot amounts over the summer and we know there are more to come. And did you know that recently an Arizona player hit the \$109 million Mega Millions jackpot? The ticket was purchased in Lake Havasu City, and as of this writing, the winner has not come forward, so we don't have any details. Of course, we are always happy to hear if it's a group that won. This makes two times that Arizona has hit the Mega Millions jackpot. And just for reference, Arizona has had 13 Powerball jackpot winners...

SO FAR! Of course Powerball has been played in Arizona a lot longer than Mega Millions, but we are willing to hit any ol' jackpot! Speaking of that, we have missed The Pick jackpot by one number a whopping 76 times!! Let's Do This!!

Can't let the year end without a heartfelt thanks to our members who make this service possible. We really do love what we do and making winners is our Mission and Passion. So far, so good. Cheers to a wonderful, safe and happy holiday season and to the Very Best New Year of all to each and every one of you!

# Daylight Saving Time

As you know, Arizona does not change our clocks. We have heard a few different reasons for this, but the one that really works for us is...who needs another hour of sunshine (and heat) in AZ??? Yikes and no thanks.

However, there are a few things that do affect us in AZ when the switch to "fall back" or "spring forward" happens.

For us, directly, the lottery drawings will be available one hour later. So while we can normally enter the results around 8:00 p.m., it will now be 9:00 p.m.

This also means that we will enter the next jackpot amount about an hour later as well. By the way, that next jackpot amount timing is really just a very loose estimate. Depending on how quickly States report their results to that big main computer system, affects how quickly the next jackpot amount is known. Aren't you glad you asked?
